

MAXIMIZE UPTIME & MINIMIZE RISK: UPGRADE TO WINDOWS 11 TODAY

Don't leave your Windows open to Cybercriminals

As part of our mission to ensure your practice's uptime, performance, and protection, we want to alert you to an important deadline that could create a critical vulnerability in your system.

What's Happening:

- Microsoft ends support for Windows 10 on **Oct 14, 2025**.

Why This Matters:

- Without these updates, you are left exposed to **ransomware, malware, and other cyberattacks**.
- Cybercriminals look for these systems to exploit.

What Should I Do?

- **Call** Sunset Technologies to stay ahead of evolving technology needs.
- We are here to make the transition seamless, ensuring uninterrupted operations and protection against cyber threats.
- **Don't Wait** - schedule your upgrade today to take advantage of current incentives that may still be available.

How Can Sunset Help?

- Sunset helps you maximize **uptime** with secure system upgrades.
- Provide **Peace-of-Mind** for all your technology requirements on a fixed monthly budget without the need for hefty out-of pocket expense.

**Let's Build Your Path to Peak Performance.
Schedule Your Personalized Technology Roadmap Today!**
